

# New Signatories to Environmental Schemes

## Illuminations Article

Lighting Council Australia welcomes a host of new signatories to Fluorocycle and Exitcycle. The schemes are integral in increasing the recycling rates of end-of-life lighting and lighting equipment through voluntary product stewardship programs.

### [Exitcycle](#)

Exitcycle is a voluntary product stewardship scheme that seeks to increase the national recycling rate of end-of-life emergency and exit lighting batteries.

[Become a Signatory to Exitcycle](#)

### [Queensland Department of Transport & Main Roads - RoadTek](#)

As a Commercial User the Department has committed to recycle all the end-of-life emergency and exit lighting batteries generated by one or more specified sites over which it exercises operational control.

### [Dynasty Electrical Group](#)

As an Electrical Contractor to the scheme, Dynasty Electrical actively promote the scheme to other businesses, organisations and networks. Encourage clients to include a requirement in relevant contracts for the recycling of end-of-life emergency and exit lighting batteries, thereby assisting clients to become eligible as a Signatory of EXITCYCLE. Where a contract requires recycling, ensure that all end-of-life emergency and exit lighting batteries collected during maintenance are recycled.

### [Connect 2 Electrical](#)

As an Electrical Contractor to the scheme, Connect 2 Electrical actively promote the scheme to other businesses, organisations and networks. Encourage clients to include a requirement in relevant contracts for the recycling of end-of-life emergency and exit lighting batteries, thereby assisting clients to become eligible as a Signatory of EXITCYCLE. Where a contract requires recycling, ensure that all end-of-life emergency and exit lighting batteries collected during maintenance are recycled.

### Roblec

As an Electrical Contractor to the scheme, Roblec actively promote the scheme to other businesses, organisations and networks. Encourage clients to include a requirement in relevant contracts for the recycling of end-of-life emergency and exit lighting batteries, thereby assisting clients to become eligible as a Signatory of EXITCYCLE. Where a contract requires recycling, ensure that all end-of-life emergency and exit lighting batteries collected during maintenance are recycled.

## Fluorocycle

Fluorocycle is a voluntary product stewardship scheme that seeks to increase the national recycling rate of waste mercury-containing lamps.

### [Become a Signatory to Fluorocycle](#)

#### Legrand

As an Advocate Signatory, Legrand commits to providing relevant training that promotes the objective of Fluorocycle or ensure all relevant employees receive such training. Legrand will promote Fluorocycle actively to clients, members, organisations, and/or businesses within their networks or supply chain.

#### Direct Option Electrical

As a Commercial User Signatory, Direct Option Electrical has committed to recycle all the waste mercury-containing lamps generated by one or more specified sites over which it exercises operational control. In this context, 'site' refers to a building, factory, industrial facility, institution, retail space or location.

#### Dynasty Electrical Group

Encourage clients to include a requirement in relevant contracts for the recycling of waste mercury-containing lamps, thereby assisting clients to become eligible as a Signatory of Fluorocycle. Where a contract requires recycling, ensure that all waste mercury-containing lamps generated through relamping are recycled.

#### Solaire Electrical

As a Commercial User Signatory, Solair has committed to recycle all the waste mercury-containing lamps generated by one or more specified sites over which it exercises operational control. In this context, 'site' refers to a building, factory, industrial facility, institution, retail space or location.
