

MEDIA RELEASE – LIGHTING COUNCIL AUSTRALIA

LEADING LIGHTING INDUSTRY CEO RECOGNISED AT AWARDS NIGHT

24 October 2023

The Chief Executive of one of Australia’s leading lighting companies, Brilliant Lighting, has been recognised at the lighting industry’s awards night.

Held at the Four Seasons Hotel in Sydney on October 24, the National Awards for Excellence in Lighting was attended by 300 guests, with Colin Goldman taking out the Smart Luminaire Award.

With 95 products, Melbourne-based Brilliant Lighting has the broadest range of smart products on the Australian market.

The technology offerings from Brilliant include smart air quality controllers-unique in Australia. This is achieved using UVC sterilization of airborne particles.

The products are currently being used and tested by the University of Melbourne Engineering Department and will have applications for hospitals and aged care facilities.
